Resource Collection Template**

Resource Title	Developing Effective IEPs
Brief Description of PA Day Activity and Resources	<p>Teachers, Principals/Vice-Principals, Special Education personnel and EAs were brought together in Family of Schools at multiple sites to take part in an interactive in-service on Developing Effective IEPs. Participants were asked to bring one anonymous IEP with them to the session in order to work through the slide deck presentation from Ministry of Education called Developing Effective IEPs that was adapted for our school board needs. The presentation was then facilitated jointly by Curriculum and Special Education consultants and coordinators with the focus was on making connections within the IEP and evaluation and reporting to parents. One of the goals was to enhance the competence and confidence of staff in writing measurable learning expectations while always keeping in mind personalization....knowing your student. Every participant left with a memory stick loaded with the powerpoint and IEP Checklist.</p>
